

LILI

LILI

With a distinctive appealing sculptural shape LILI is reminding a water lily. The soft and harmonious connection between table top and frame creates an elegant curve made possible by highly precise construction and assembly technique. The tabletop with a durable and hygienic HPL surface is supported by a strong base made of solid oak.

COMPANY PROFILE

add interior cooperates with talented designers to create furniture in line with modern spirit. We wish to reflect individuality and flexibility in the design and functionality of our products, and constantly to care for good craftsmanship and quality materials.
